Good evening all,

This Monday Message is brought to you by the Calam Oriental Band. I am sitting in the basement of the old Temple building and listing to the amazing sounds of the band and enjoying some outstanding fellowship.

I am so glad that our Clubs/Units are able to starting back to their regular meeting schedules.

We are still in a holding pattern for our spring events, but the outlook is looking slightly more positive as the weeks move on.

As far as my honorary band membership in the Band.... It's not looking good... I may end up serving as the trip coordinator and bartender, but I have a few more instruments to attempt.

Until next week
